Boarding House

It's my Home!

Our Boarding-House in Lemförde is uniquely designed to suit the requirements of guests who like it plain but excellent: no frills, clean lines, cutting edge. Located in the midst of the Lake Dümmer Nature Park, its basic but very stylish furnishings guarantee a relaxing atmosphere, far from the madding crowd. The charm of the historical building itself, paired with contemporary design and individualized service makes our house ideal for your over-night stay or your whole vacation.

Whether your work requires you to set up headquarters in the vicinity for several weeks, months or even a year: 2 fully equipped apartments or 4 smaller studio apartments provide enough space for long-term residence.
