

Tiemann's Hotel hygiene guidelines

Dear guests,

in order to cope with the current situation, we ask you to pay attention of the generally applicable hygiene guidelines:

Requirement for a stay in Tiemann's hotel

For overnight stays for tourist purposes, proof of the absence of an infection with the SARS-CoV-2 coronavirus must be presented. This can be provided by one of the following documents:

- Negative certification of a PCR or PoC antigen test (not older than 24 hours)
- Official proof of vaccination (at least 14 days old after the second vaccination)
- Official proof of recovery (at least 28 days old, maximum six months old)

During the stay, there is still a test obligation of 2 tests / week with an interval of about 2 days.

There is a test option in the area at the *Corona test center Dümmer See* in Hüde.

A self-test that you bring with you, which is carried out under the supervision of our employees, is also permitted.

Please note the general obligation to wear a mouth and nose cover to be carried anywhere in our house and the associated parking lot.

Does not apply as long as you are sitting at the table or in your room.

According to the distance requirement, every person has to keep a minimum distance of 1.5 meters.

Exceptions depend on the incidence value.

You will find hand disinfection stations everywhere in the house.

For more information, see our notices on walking directions & access restrictions and the hygiene recommendations of our employees.

Our rooms are always well ventilated and all door and window handles, as well as frequently frequented surfaces, are regularly disinfected and all table linen is cleaned by a professional company after one use.

To further avoid transmission points, our sauna will remain closed until further notice.

Our rooms are cleaned every 3 days for longer stays and thoroughly disinfected after each change of guest.

If you wish to deviate from this cleaning rhythm or if you generally do not want our employees to have access to your room, please let us know.

We currently only offer a laundry cleaning service through an external company.

This takes 2-4 working days.

Our rich breakfast buffet is ready for you in the morning.

However, in order to minimize transmission here as well, please report to reception.

From there, an employee will be happy to accompany you to a free space.

If you have any further questions or requests, please do not hesitate to contact us.

We ask for your understanding and active support from our staff in order to make your stay in our house a safe pleasure for everyone!
